

Strength Makes Me Stronger

What is making me stronger these days:

- Jiu-Jitsu
- Budgeting
- Calm breathing
- Picking my nose and eating it

...Laughing when something is funny.

Budgeting means simply, noting what I spent.
Not making a forecast or diet of what to spend in future.
Rather just writing down exactly what I spent in past.
That is budgeting.

Famous quote 1:

'My strength is what makes me stronger. ... So I do what makes me stronger, and that is my strength.' -
persona Robert Kiyosaki (paraphrased)

Famous quote 2:

'...yes, cake is my weakness. along with speed & strength...' - persona Kevin Hart, in Jumanji (movie)
